St. Elizabeth High School searches for alternative cost-effective solutions to meet the transportation needs of families. If there are multiple families in your area in need of school transportation, can you recommend a safe, secure site that could possibly be a central location for families to meet a transportation service? If so, please explain briefly.

Will you be interested to discuss car pooling with a local family in your area? This would be conducted through a transportation specialist.

____ Yes ____ No ____ Maybe

What form of transportation does your student use now to attend school?
