Making Fireworks!

Ms. Murphy's chemistry class recreated the chemistry and colors of fireworks in their unit on the atom. In this experiment, students placed different metals over a Bunsen burner flame. Each metal creates a different color as their electrons move between different energy levels. The result was the creation of the colors of fireworks inside the lab! Go Viking Chemistry!

Winter Sports

Winter sports practices begin on Nov. 11, 2016. If you need more information, you can contact the coaches by email, available at [Viking-Sports](#).

Boys Soccer

The 2017 Viking Boys Soccer Team has been busy on and off the field. The team started preparing for the season back in the summer with participation in the high school league, camp at Delaware State and a weekend trip to Dewey Beach. A pool party gave the team a chance to cool off and polish up their volleyball and Can Jam skills.

The team welcomed back 8 seniors that have been playing together since

their freshman year: Ben Bryan, Nick Fahey, Johnathan Hendricks, Brandon Holly, Kevin Marchioni, Robert Miller, Mike Naughton, and Jack Newswanger.

The way to a player's heart - Food. Team BBQs, Varsity Dinners, and a trip to see the Union play were a great opportunity for the players, parents and coaches to build the Viking Soccer Family Spirit.

Senior Night was celebrated last week at Baynard Stadium and the last games of the season will be played this week. Thanks to the Viking Soccer Family for all your support this year!
